

# WATER SAVING IDEAS

## BECAUSE EVERY DROP COUNTS

- Plug the sink when shaving
- Choose the half flush
- Take shorter showers
- Catch grey water to use in the garden
- Check the loo for leaks
- Fix dripping taps
- Install a water efficient showerhead
- Check your hot water service for leaks
- Install a rainwater tank
- Plug the sink or use a bowl when pre-rinsing dishes
- Fill the dishwasher up before running it
- Check your air conditioner for leaks and faults
- Look for water efficient appliances when buying
- Switch to a front-loading washing machine
- Water gardens before 6am or after 9pm (not both)
- Use a broom or blower instead of a hose
- Check your irrigation system for leaks
- Mulch your garden beds
- Use a wetting agent on lawns
- Check your automatic sprinkler run time
- Set a timer for non-automatic sprinklers as per the sprinklers watering time
- Plant drought resistant lawn and plants
- Install a weather-based irrigation controller
- Use a pool or spa cover
